RE: City of Tukwila Shoreline Master Program

Dear Dave:

Enclosed please find the City of Tukwila Shoreline Master Program (SMP) and implementing ordinances, adopted by the Tukwila City Council on December 14, 2009 and revised August 15, 2011 to reflect Ecology's required and some recommended changes. The Council also adopted housekeeping revisions to the SMP or implementing regulations. Most of these housekeeping items were discussed with you at the Council meeting you attended on July 25, 2011.

I have enclosed two signed copies of the ordinances and attachments along with Attachments B and C, to Ecology's March 24, 2011 letter. The Ecology attachments have been annotated to provide a City response to either Ecology's required changes or recommended changes. A CD that includes these materials is also enclosed.

We look forward to your review of the City's adopted Shoreline Master Program. If you have any questions, please contact Carol Lumb, at 206-431-3661.

Sincerely,

Jack Pace, Director  
Department of Community Development
